

enOVATION

For every technical question there is an answer when we make it a task.

enovation GmbH is an engineering and consulting service provider with a market unique OEM and project developer background. Due to our close connection to eno energy group, a German wind turbine manufacturer and internationally active project developer, we combine strong engineering with real world implementation. Out of this combination we can look back on more than 20 years of experience in all areas of renewable energies, with a strong focus in wind energy.

enovation GmbH is the key to make this experience available to you. You can benefit from our know-how in development, manufacturing and operation of multi-megawatt wind turbines. We offer you reliable services around your renewable energy project. Whether you want to

develop or produce complete wind turbines, need advice or help along your project, we are the experienced partner at your side.

We provide you the chance to benefit from our solutions! We offer everything around wind energy:

- ❖ **LICENSING**
- ❖ **ENGINEERING**
- ❖ **CONSULTING**
- ❖ **SUPERVISION**
- ❖ **TECHNICAL SOLUTIONS**
- ❖ **HARD & SOFTWARE PRODUCTS**
- ❖ **RETROFIT & ASSEMBLY SOLUTIONS**

enovation GmbH – First choice for German engineering, consulting and solutions

enovation GmbH will support you in all phases of your project – starting from the initial idea to efficient operations.

Our premium services:

Engineering

- Wind Turbine Design
- Foundation Design & Optimization
- Tower Design & Optimization
- Rotor Blade Design
- Structural Component Design
- FEM Calculations
- CAD Construction
- Control Cabinet Design
- Power Converter Design

Consulting

- Technical Due Diligence
- Root Cause Analysis
- Trouble Shooting
- Construction Supervision
- Grid Connection Planning

Inspections

- Gearbox Inspections
- Vibration Analysis
- Noise Evaluations
- Damage Appraisals
- Turbine Inspections
- Quality Assurance

Solutions

- Wind Turbine Licenses
- Rotor Blade Licenses
- High Tower Solutions
- Lightning Protection Solutions
- Turbine Control Systems
- Power Converter Systems
- Controller Retrofit Solutions
- Grid Control Solutions
